EXPERIENCE

Web Development
HTML - CSS
Since 2018

With 5 years in web development, I have designed dynamic, user-focused websites and mastered various techniques to deliver impactful online experiences. And I still haven't finished

Photo Editing
Adobe Photoshop
2020 - 2022

In two years mastering Photoshop, I've transformed visions into captivating visuals, wielding creativity and precision to craft compelling designs.

Logo Industry
Adobe Illustrator
2015 - 2018

Over three years in the logo industry, I've shaped brand identities with creativity and precision, crafting distinctive symbols that resonate effectively.
